Three Hundred Collins

The first luxury residential development in Miami by New York City's "designer for the one percent" Thomas Juul-Hansen, Three Hundred Collins is a five-story, 19-unit boutique property nestled within the heart of Miami Beach's most vibrant and exclusive neighborhood—South of Fifth. The building was conceptualized to serve as a cool and contemporary sanctuary, allowing residents to leave the sights and sounds of South Beach far behind. With unique floorplans, extensive customization and sumptuous materialization throughout, Three Hundred Collins is redefining the notion of a tropical escape. The building's chic, personalized amenities include a state-of-the-art fitness center, valet and 24-hour attended lobby with personal service, plus a breathtaking rooftop oasis that will elevate outdoor living with a 75-foot saltwater pool and hot tub.
